- Provide information on community resources and refer you to them
- Explore options that can keep you at home
- Answer questions about resources and services
- Talk about solutions to problems that can affect your independence
- Refer for care management services
(in-home assessment, individualized plan of care, service arrangement, monitoring)

The Care Coordinator is available by calling the HSCN Resource Center at (800) 664-4664 for assistance.

These services are provided at no charge. They are funded in part by the Los Angeles County Area Agency on Aging Integrated Care Management Program and the California Department of Aging Multipurpose Senior Services Program (MSSP).
