May 27, 2020

The Honorable Gavin Newsom
Governor
State of California
State Capitol
Sacramento, CA 94814

Dear Governor Newsom:

The City of Glendora once again acknowledges the leadership and forward momentum at the state and county levels, continuing to reevaluate options for safely modifying the state's Stay-at-Home Order. We appreciate your action to issue guidance to County Governments to apply for variance from the State, recognizing the diversity among California and unique challenges and opportunities COVID-19 has created.

On May 26, 2020, the Los Angeles County Board of Supervisors directed the Department of Public Health to work with the State to obtain a County Variance. The County of Los Angeles holds 25% of the State's population and is as varied as the State itself. The County Variance allows the opportunity to take the necessary and available measures to help our community safely get back to work, school and life.

The City of Glendora is committed to doing our part to assist in revitalizing Los Angeles County's economic health while simultaneously maintaining and preserving the health and safety of our residents.

We would appreciate your consideration of the Los Angeles County Board of Supervisors request so that we may be given the opportunity to meet this moment on a local level.

Sincerely,

Michael Allawos
Mayor

C: L.A. County Supervisor Kathryn Barger – 5th District
Glendora City Council
